

### REMARKS

This is in response to the Office Action mailed on June 16, 2004, and the documents cited therewith. Claims 1, 6, 7, 10, 11, 12, 13, 14, and 15 are amended, and claims 2, 3, 4, and 5 are canceled; as a result, claims 1, 6, 7, 8, 9, 10, 11, 12, 13, 14, and 15 are now pending in this application. The amendment to the claims are to clarify the subject matter that applicants' regard as their invention. No new subject matter is added. The Examiner is requested to note that the amendment of claim 1 as presented herein does not surrender any equivalent to which the other substituents may be entitled. Accordingly, Applicant is entitled to a full range of equivalents upon issuance of the instant claims. No new subject matter is added.

### Claim Objections

Claim 9 was objected to because the word "prazocin" is misspelled as "prozosin".

Applicants have amended claim 9 to recite the term "prozosin" correctly as -- prazosin --. The correct name for prazosin is found in the Merck Index, Twelfth Edition, at page 1324, entry 7897. A copy of the page from the Merck Index is attached for the Examiner's convenience.

The Examiner stated that claims 4 and 6-13 were objected to as depending from a rejected base claim, but are otherwise in condition for allowance. Applicants have amended claim 1 to include the limitation from claim 4. As all claims now depend directly from allowable claim 1, it is believed that the remaining claims are in condition for allowance. Accordingly, it is respectfully requested that a notice of allowance be issued.

### §103 Rejection of the Claims

Claims 1-3, 5, 14 and 15 were rejected under 35 USC § 103(a) as being unpatentable over Prior et al. (U.S. Patent Application Publication No. 2003/0004143, "Prior '143") in view of Nardella et al. (WO 00/02555, cited by applicants).

Applicants have amended claim 1 to include the subject matter from allowable claim 4. Accordingly, it is believed that this rejection is moot. It is respectfully requested that the rejection under 35 U.S.C. § 103 be withdrawn.

Conclusion

Applicant respectfully submits that the claims are in condition for allowance, and notification to that effect is earnestly requested. The Examiner is invited to telephone Applicant's attorney at (612) 373-6968 to facilitate prosecution of this application.

Respectfully submitted,
